# ***ABOUT US***

Ashok Notebooks has been in the paper trading business since 1910 and has been manufacturing notebooks since 1992. We create notebooks and other paper stationery for some of the biggest brands in India. Additionally, we export our products to several countries, including the U.S., Australia, Kenya, Zambia, and Afghanistan. We also manufacture customized notebooks for schools and other educational institutions.

With a 30,000-square-foot operational facility and 20,000 square feet of storage space, our manufacturing capacity stands at 750 tonnes per month. We produce a wide range of notebooks in various sizes and binding types, including Back Pressed Centre Stapled, Center Stitched & Spine Taped, Sewn & Perfect Bound, Spiral, Wire-O, and Case Bound.

Some of the notebooks we manufacture include exercise notebooks, registers, account books, journals, diaries, practical notebooks, hardcover books, counter books, spiral notebooks, wire-o notebooks, duplicate books, copy books, notepads, multi-subject notebooks, exam papers, and loose-leaf pads.

With state-of-the-art infrastructure, advanced machinery, and a highly skilled workforce, we create products that surpass industry standards. We manufacture notebooks under the brands "Ashok Notebooks" and "Scriby", catering to hundreds of schools and colleges.

We also have an in-house offset printing and packaging unit, along with a highly skilled team of designers to meet our customers demands. All our products undergo extensive quality checks before being shipped. The notebooks we manufacture are eco-friendly and of the highest quality, using premium-grade opaque paper sourced from approved, responsible sources.
